

1971 PLYMOUTH CUDA 440-6 BARREL

For 1971, if you want a car that makes it,

Eating dust doesn't make it. Dusting off the competition makes it.

Catching a cold doesn't make it. Catching a Grand Coupe makes it.

Cars with ordinary horns don't make it. Cars that say beep-beep make it.

Rushing off in a huff doesn't make it. Driving home in a Fury makes it.

PLYMOUTH

makes it
